LENDING A HAND . . . Barney Niten, manager of the Manhattan Beach branch of American Savings and Loan Association, can hardly wait to move into his new quarters at 1130 Manhattan Ave. The new building is to be built on the site of the old building, which now is being demolished—with Niten's help. In the meantime, Niten and his staff are working on the ground floor of the Arcade building at 904 Manhattan Ave.

Red Cross Seeks Missing Persons

Eleven persons believed to be living in Los Angeles are being sought by the Red Cross here on behalf of relatives abroad, who placed inquiries through the International Red Cross.

"A check of former addresses, directories, unions, and other sources of information has failed to turn them up," Mrs. Margaret Morrison, Red Cross social worker, said. She asked any person having information about the 11 "missing persons" to call the Los Angeles Red Cross chapter at DU 4-5261, even if the information is several years old.

The 11 persons being sought include:

- Dalmacio Acena, a Filipino who once lived at 212 north or south Broadway Street.
- Joseph Baki, a Hungarian who lived at 2915 Budau Ave. in 1957.
- Abram Baron, 40, Polish, who came to Los Angeles from Sweden in December, 1953.
- Florence Epstein, who resided at 6138 Zelzah Ave., Reseda, in 1953.
- Mrs. Tatiana Borisovna Fursenko - Pozhdstvenskaya and her daughter, Nataliya.
- Tibor Lonyal, a Hungarian who lived at 6543 Sepulveda Blvd., Van Nuys.
- Isaac Oganovski, about 85, who was born in Russia and known to be living in Los Angeles in 1940.
- Katya Shapshes and her husband, Osher, who may use the name Shop, and who lived at 40 Breeze St., Venice, in 1953 when Shop was employed as a tailor.
- Kocho Stankovich, a Yugoslav, born in Albania, who lived in Boston, Mass., in 1965.
- Jim Szabo, a young Hungarian who lived at 835 N. Genese Ave.
- Isaac M. Vaintrub, who may use the name Isaac Weintrub, about 85, who was born in Russia and known to live in Los Angeles in 1940.
- Mrs. Morrison said any person located by the Red Cross is told who made the inquiry about him and given the choice of having his whereabouts communicated or not communicated. "Most people," she added, "are overjoyed to renew family ties."

'Instant Money' World Wide Service of Bank

"Instant Money" throughout the world is now available to California's more than 1,250,000 BankAmericard holders. It was announced today by Bank of America.

The new feature will enable holders of the California credit card to obtain cash advances up to \$350 at any of the 34 overseas branches of Bank of America throughout the world, according to Kenneth V. Larkin, vice president in charge of Timeplan and BankAmericard activities. Previously, the cash advance has been available only at the bank's 889 California branches.

"Our purpose in initiating the overseas cash advances," Larkin said, "is to fill a definite need for California tourists and businessmen traveling abroad. Travelers who underestimate their expenses or run into emergency situations that leave them short on funds can now use their BankAmericards to obtain necessary cash."

Get expert advice on planting your bare root roses because your climate will govern the depth they should be planted — also the variety you should plant.

All of your garden should now be sprayed with a dormant spray. Get one with a nominal amount of lime sulfur plus mineral and pine oil. Spray everything: shrubs, roses, trees and all ground areas that are planted. The dormant spraying you do during this season will get your entire garden off to a good start when spring comes.
